Watches E-Commerce
E-Commerce is built by using (HTML, CSS, REACT,
React-Styled-Components, Redux-Toolkit)
It Contains (landing - products - cart - login - register) pages
- Add Products to the cart and it saves in local storage
- The checkout button doesn't show if you aren't login
- log in & register works fine
- Filter products in multiples ways

JobHunter 🔗 05/2023 – 05/2023
website helps job seekers find jobs
Jobs Dashboard After login as a user you can apply for jobs or add new jobs or just can
login as a test user just checking the website
